Lsect Webinar Guide

How to use GoToWebinar to attend Lsect webinar events

Step 1

Click on the link in your welcome email. You should be taken to a page that looks like this one (maybe with a bit more branding on it!) You'll see a form to fill in with your name, email address and organisation.

Step 2

Fill in your details. If you wish to check whether your computer is compatible with the GoToWebinar software then click the 'view system requirements' link. A pop up (like the one on the right) should appear with all the information you need.

tware then click hents' link. A e right) should hation you need.

Step 3

Once you've done this click the 'Join Webinar in Progress' button.

The file should appear at the bottom of your browser. Click on it to open it.

Step 6

A dialogue box should appear asking if you want to run/open the file. Make sure to click **'Run'** to start installing the software.

Step 7

The software should then install and you should see a progress bar on screen. All you have to do is wait.

Step 8

You should now see a 'Download complete' message and the software should have started (shown by this icon: in your tool bar). You will be prompted to enter a pssword. You should have received this in your welcome email. Enter the password and your webinar should start straight away. Enjoy!
